

## Gastroenterology Consultants, PC

To Whom It May Concern,

In order to expedite scheduling your Direct Access for either your colonoscopy or endoscopy.

You will find included with this letter a package of demographic and medical history paperwork. Please fill the paperwork out completely, include a copy of the front and back of current insurance cards and return to our office in the envelope provided. Once the completed paperwork AND insurance information is received and reviewed, you will be contacted to schedule the appropriate appointment.

Due to heavy patient care in the office, calls for scheduling will be made as quickly as possible.

If your insurance is a managed care plan (Allcare Advantage, some Oregon Health Plans, VA/Triwest, Providence Choice or Providence Connect) contact your primary care physician prior to making this appointment. Your Insurance requires an authorization to be in place before you can be seen in our office. This must be requested by your Primary Care doctor.

If it is being recommended that you should come back sooner than ten years due to a Person or Family history of Colon Cancer or Colon Polyps, please check with your Insurance as to their coverage guidelines.

Our office must receive your completed paperwork and copies of insurance card / photo ID. We will schedule your appointment only when these are received along with your completed paperwork.

Thank you,

# Gastroenterology Consultants, P.C .
